

2022 NEHS SUMMER OFFERINGS

SAT MATH PREP

This course is designed to help students prepare for the PSAT and/or SAT tests created by the College Board. Students will be familiarized with the question format, types of questions, and various answers expected for the Math aspects of these tests. Although the Math portion assesses your understanding of mathematical concepts, your procedural skill and fluency in math, and your ability to apply those concepts and skills to real-world problems, or overall test-taking tips and tricks, knowing how to take the test is paramount when preparing for the PSATs and SATs. Take this course to get ahead of the curve in identifying and implementing the test taking strategies needed to increase performance.

PREPARING THE COMMON APPLICATION

Rising high school seniors are invited to sign up for this two-day interactive, hands-on Common Application workshop led by NEHS school counselors. Students will complete their Common Application and strategize the college search process prior to the start of their senior year. This workshop will also guide students in linking their Common Application to their Naviance account and begin to request letters of recommendation via Naviance. Having the Common Application started prior to the school year takes a tremendous amount of pressure off of students and parents/guardians, allowing students to focus on their senior year classes and extracurricular activities! Take advantage of this great opportunity!
