CHOICE PROGRAM

The New Egypt Schools offer a wide range of educational programs. The district is comprised of four schools.

The Plumsted Township School District is a rural district in the northeast corner of Ocean County. The district presently serves approximately 1467 students from preschool through 12th grade.

The district is a close-knit community, yet with a diverse population of learners. The district is committed to a developing a 21st century instructional program based on the New Jersey Common Core Curriculum Content Standards and providing rigorous yet differentiated instruction for all students.

Programs range from self-contained special education populations to enrichment and honors/AP classes. The district also seeks to infuse technology in the classroom as well as to support learners who will utilize and apply STEAM resources in a number of academic and practical applications.

The New Egypt Primary School and the Dr. Gerald H. Woehr Elementary School offer a range of supportive services in grades prek-5. Specialized programs include: Spanish instruction, enrichment, technology instruction and tech lab, as well as supportive and pull-out ESL instruction. The New Egypt Middle School offers unique programs that include: world language programs in Spanish and French, instrumental music instruction, a full year band program, and a STEAM elective in all grades. In addition to the traditional vocational, college prep and honors courses, New Egypt High School is offering students a Teaching Academy in 2016. In the fall of 2017, an Engineering Academy, Environmental Academy, Law & Justice Academy and Medical Arts Academy will begin allowing students to receive specific electives to further interests in these areas. Advanced students are offered high school level classes in mathematics and Science in order to prepare them for advanced tracks later in their academic careers. New Egypt High School offers a wide variety of academic opportunities for students.

| District Choice Policies | |
|--|----------------|
| a. The district accepts Tier 2 students (see definition below).. | Yes |
| b. The district gives enrollment preference to students who have a sibling currently attending the choice district, provided they will enroll in a choice-approved grade/program and they meet any program-specific criteria. | Yes |
| c. The district gives enrollment preference to choice students who have completed the terminal grade of the sending district (i.e., students who attend a choice district with grades that terminate before 12th grade and with a natural progression to this choice district), provided they will enroll in a choice-approved grade/program and they meet any program-specific criteria.. | Not Applicable |
| d. The district gives enrollment preference to resident students who move <u>before the application deadline</u> . If resident students move and file choice applications for the following year prior to the deadline, the district will give them enrollment preference (i.e., accept them ahead of other applicants, but after the enrollment preference students described in b. and c. above), PROVIDED that there are choice seats available in the choice-approved grades/ programs and the students meet any program-specific criteria. <i>If the district has already reached its approved choice enrollment maximum, this preference will not apply.</i> | Yes |
| e. The district gives special consideration to resident students who move <u>after</u> the application deadline. Students in this situation may apply as late applicants and be added to the front of the district's waitlist, PROVIDED the students will enroll in a choice-approved grade/program and they meet any program-specific criteria. No additional choice seats above the maximum will be approved by the NJDOE to accommodate these students. | Yes |

TRANSPORTATION NOTE TO PARENTS:

Transportation of choice students is not guaranteed. If a student is eligible for transportation (within 20 miles of the school) and the cost will exceed \$884, the parent/guardian will be given \$884 as aid in lieu of transportation and, in some cases, the option of receiving the transportation and paying the additional amount over \$884. By Aug. 1, 2017, parents should receive notification of their transportation options from the resident district. For more information, read the [Transportation Procedures](#) for choice students.

Tier 1 students are students who are enrolled in a NJ public school in their resident school district during the time of application and for the entire year (2015-16) immediately preceding enrollment in a choice district. If a student moved during the school year and attended the resident public school of his/her old district of residence, he/she is also considered Tier 1. Choice districts must first fill their available seats with Tier 1 students. If the number of Tier 1 applications exceeds the number of choice seats available, the choice district must hold a lottery to randomly select students. Charter school students are considered to be Tier 1. To qualify as Tier 1 for kindergarten, a student must be attending a state-funded preschool in his or her resident district or a student resides in a district that does not offer a state-funded preschool program or a student has a sibling currently attending the choice district. Most students applying for kindergarten are in Tier 1.

Tier 2 students include NJ residents who have not attended their resident public school for the entire year immediately prior to enrollment in the desired choice district and do not otherwise meet the requirements for Tier 1. This would include students who have been attending public school outside their districts of residence or private school. Choice districts are not obligated to accept Tier 2 students. If a choice district accepts Tier 2 applicants, they may do so only after all of the qualified Tier 1 applicants have been accepted. If the number of Tier 2 applications exceeds the number of choice seats available, the choice district must hold a Tier 2 lottery to select students.
